The [\*\*LIV Hospitality Design Awards 2023\*\*](#) is now open for submissions, inviting the global design and architecture community to showcase their brilliance and creativity in

the field of hospitality design. Recognizing excellence in architecture, interior design, and guest experiences, the awards celebrate the diverse perspectives and innovation that shape the industry.

Renowned as an independent endorsement and outstanding indicator of success in the hospitality sector, last year's record-breaking 450 professional and student applications from 53 countries demonstrated the fierce competition and quality of entries received. A panel of 41 experienced architects, designers, and developers in hospitality evaluated the submissions through a multi-round voting process to select the winners in each category.

In the upcoming fourth edition of the **LIV Hospitality Design Awards**, a grand jury panel composed of experienced architects, designers, and developers in hospitality will evaluate the submissions and select the winners in each category. The jury members include **Kavitha Iyer**, Head of Design, Americas at Intercontinental Hotel Group; **Luis Galofre**, Director of F&B Design & Development CALA at Marriott International; **Monika Moser**, Chief Operating Officer at Campbell House; **Mao Hua**, Founder of EK Design and PP Design Gallery and Design Director of YuQiang & Partners Interior Architects Studio from China; **Najee Syriani**, Corporate Vice President Projects at Rotana Hotels; **Marc Ledesma**, Director F&B Design & Development MEA at Marriott International; and more.

Founder **Astrid Hébert** is excited about the upcoming edition of the awards, stating, *"Celebrating the exceptional work of designers and architects is at the heart of the LIV Hospitality Design Awards. As we embark on the fourth edition of the program, we remain committed to promoting design excellence and recognizing the diverse perspectives and innovation that shapes the hospitality industry. We are thrilled to welcome this year's submissions and look forward to seeing the highest level of ingenuity from the global design community."*

The **LIV Hospitality Design Awards** is a groundbreaking program that stands out in the design industry. With 41 categories in the LIVING section and 25 categories in the EATING section, it's a comprehensive program dedicated to rewarding those whose work unites creativity, innovation, and enhances guest experience. The benefits of winning extend beyond recognition and prestige, as awardees gain new opportunities for PR and promotion, attracting new talent, and boosting team morale. Winning a LIV Award inspires confidence in guests and attracts new clients, making it an excellent investment for design professionals.

This year's competition promises to be another exciting edition, and early submissions before July 15th, **2023**, will receive a **10% discount**.
